

Type of Care	EMR	EMT	AEMT	Paramedic
Airway	<ul style="list-style-type: none"><li>• Oral airway</li><li>• BVM</li><li>• Sellick’s Maneuver</li><li>• Head-tilt chin lift</li><li>• Jaw thrust</li><li>• Modified chin lift</li><li>• Obstruction–manual</li><li>• Oxygen therapy</li><li>• Nasal cannula</li><li>• Non-rebreather face mask</li><li>• Upper airway suctioning</li><li>• Pulse Ox/Carbon Monoxide monitoring</li></ul>	<i>All skills of EMR plus:</i> <ul style="list-style-type: none"><li>• Humidifiers</li><li>• Partial rebreathers</li><li>• Venturi mask</li><li>• Manually Triggered Ventilator (MTV)</li><li>• Automatic Transport Ventilator (ATV)</li><li>• Oral and Nasal airways</li><li>• Esophageal,Tracheal, or Multi-Lumen Airways</li></ul>	<i>All skills of EMT plus:</i> <ul style="list-style-type: none"><li>• Tracheobronchial Suctioning of the Already Intubated Patient</li></ul>	<i>All skills of AEMT plus:</i> <ul style="list-style-type: none"><li>• BiPAP/CPAP</li><li>• Needle chest decompression</li><li>• Chest tube monitoring</li><li>• Percutaneous cricothyrotomy</li><li>• ETCO2/Capnography</li><li>• NG/OG tube</li><li>• Nasal and oral Endotracheal intubation</li><li>• Airway obstruction removal by direct laryngoscopy</li><li>• PEEP</li><li>• Tracheobronchial Suctioning</li></ul>
Cardiac Care	<ul style="list-style-type: none"><li>• CPR</li><li>• AED</li></ul>	<i>All skills of EMR plus:</i> <ul style="list-style-type: none"><li>• Mechanical CPR</li></ul>	<i>All skills of EMT plus:</i> <ul style="list-style-type: none"><li>• EKG application and interpretation of Sinus Rhythms, PEA, V-Fib, V-Tach, and Asystole</li><li>• Manual Defibrillation</li><li>• 12-lead Application and Transmission ONLY</li></ul>	<i>All skills of AEMT plus:</i> <ul style="list-style-type: none"><li>• EKG interpretation</li><li>• Interpretive 12 Lead</li><li>• Cardioversion</li><li>• Carotid massage</li><li>• TC pacing</li></ul>
Trauma Care	<ul style="list-style-type: none"><li>• Manual cervical stabilization</li><li>• Manual extremity stabilization</li><li>• Cervical Collars</li><li>• Long Spine Board</li><li>• Eye irrigation</li><li>• Direct pressure</li><li>• Hemorrhage control</li><li>• Emergency moves for endangered patient</li></ul>	<i>All skills of EMR plus:</i> <ul style="list-style-type: none"><li>• Seated spinal immobilization</li><li>• Extremity splinting</li><li>• Traction splinting</li><li>• Mechanical pt restraint</li><li>• Tourniquet</li><li>• MAST/PASG</li><li>• Rapid extrication</li></ul>	<i>All skills of EMT plus:</i> <p>None</p>	<i>All skills of AEMT plus:</i> <ul style="list-style-type: none"><li>• Morgan lens</li></ul>
Obstetrics	<ul style="list-style-type: none"><li>• Assisted normal delivery</li></ul>	<i>All skills of EMR plus:</i> <ul style="list-style-type: none"><li>• Assisted complicated delivery</li></ul>	<i>All skills of EMT plus:</i> <p>None</p>	<i>All skills of AEMT plus:</i> <p>None</p>
Med Administration	<ul style="list-style-type: none"><li>• Unit dose auto-injectors for self or peer care (MARK I)</li></ul>	<i>All skills of EMR plus:</i> <ul style="list-style-type: none"><li>• Assisting a patient in administering his/her own prescribed medications, including auto-injection</li><li>• PHYSICIAN-approved over-the-counter medications (oral glucose, ASA for chest pain of suspected ischemic origin)</li></ul>	<i>All skills of EMT plus:</i> <ul style="list-style-type: none"><li>• SL Nitroglycerine for chest pain of suspected ischemic origin</li><li>• SQ or IM epinephrine for anaphylaxis</li><li>• glucagon and IV D50 for hypoglycemia</li><li>• Inhaled beta agonist for dyspnea and wheezing</li><li>• Narcotic antagonist</li><li>• Nitrous oxide for pain relief</li></ul>	<i>All skills of AEMT plus:</i> <ul style="list-style-type: none"><li>• Maintenance of blood administration</li><li>• Thrombolytics initiation</li></ul>
Med Administration Routes	<ul style="list-style-type: none"><li>• Unit dose auto-injectors for self or peer care (MARK I)</li></ul>	<i>All skills of EMR plus:</i> <ul style="list-style-type: none"><li>• Buccal</li><li>• Oral</li></ul>	<i>All skills of EMT plus:</i> <ul style="list-style-type: none"><li>• Aerosolized</li><li>• Subcutaneous</li><li>• Intramuscular</li><li>• Nebulized</li><li>• Sublingual</li><li>• Intranasal</li><li>• IV push of D50 and narcotic antagonist only</li></ul>	<i>All skills of AEMT plus:</i> <ul style="list-style-type: none"><li>• Endotracheal</li><li>• IV (push and infusion)</li><li>• NG</li><li>• Rectal</li><li>• IO</li><li>• Topical</li><li>• Accessing implanted central IV port</li></ul>
IV/IO	None	<i>All skills of EMR plus:</i> <ul style="list-style-type: none"><li>• May not initiate IV but may transport the following with Medical Director Approval ONLY</li><li>• PCA pump with any medication or fluid infusing through a peripheral IV.</li><li>• Medication infusing through a peripheral IV or continuous subcutaneous catheter via a closed, locked system.</li><li>• IV fluids infusing through a peripheral IV via gravityor an infusing system that allows the technician to change the rate of infusion are limited to D5W, Lactated Ringers, sodium chloride (nine-tenths percent (0.9%) or less), potassium chloride (twenty (20) milliequivalent per liter or less for emergency medical technicians. At no time will piggy-back or secondary intravenous line or blood products be transported.</li></ul>	<i>All skills of EMT plus:</i> <ul style="list-style-type: none"><li>• Peripheral IV insertion</li><li>• IV fluid infusion</li><li>• IO (Adult and Pediatric) Obtain a blood sample</li><li>• Obtain a blood sample</li><li>• May transport the following with Medical Director Approval ONLY</li><li>• Vitamins</li><li>• Sodium chloride, excluding saline solutions in excess of nine-tenths percent (0.9%) concentration</li><li>• Potassium chloride (forty (40) milliequivalent per liter maximum)</li><li>• Cortisone</li><li>• Antibiotics</li></ul>	<i>All skills of AEMT plus:</i> <ul style="list-style-type: none"><li>• Accessing implanted central IV port</li></ul>
Vital Signs and Chemistry	<ul style="list-style-type: none"><li>• Manual BP</li><li>• Pulse Ox/Carbon Monoxide monitoring</li></ul>	<i>All skills of EMR plus:</i> <ul style="list-style-type: none"><li>• Manual and auto BP</li></ul>	<i>All skills of EMT plus:</i> <ul style="list-style-type: none"><li>• Blood glucose monitor</li></ul>	<i>All skills of AEMT plus:</i> <ul style="list-style-type: none"><li>• Blood chemistry analysis</li></ul>
